

NONPROFIT LEADERSHIP MINOR

The Nonprofit Leadership Minor prepares students for leadership and service roles in nonprofit organizations, social enterprises, churches, Catholic schools, mission-driven businesses, and public agencies. Coursework and a culminating applied experience equip students with managerial skills, fiscal stewardship, ethical judgment, community leadership, cross-sector collaboration, and the ability to operate in complex environments.

Open to students in any major, the minor complements their primary course of study with practical preparation for leadership, service, and work in mission-driven organizations.
