

# EXERCISE SCIENCE (BA) - SPORTS MANAGEMENT SPECIALIZATION

A student may receive a B.A. in Exercise Science without teacher certification.

Transfer students must complete at least 40% of their major course work at Benedictine College to receive a B.A. in Exercise Science, and at least 40% of their minor course work at Benedictine College to receive an Exercise Science minor.

A maximum of one hour of fitness credit may be acquired through varsity sport participation. This applies both to majors and to non-majors.

## Program Mission

The mission of the Exercise Science program is to provide a quality education in a community of faith and scholarship. We are committed to the preparation and development of skills necessary to successfully engage in a career in exercise science or to pursue a post-graduate education.

## Program Outcomes

1. Graduates will be able to assess the physical fitness of an individual.
2. Graduates will be able to identify the muscles used in a selected activity and the roles those muscles play in the activity.
3. Graduates will articulate the benefits of physical fitness.
4. Graduates will be able to identify and interact with contemporary exercise science professions, including the ability to interact with people of diverse backgrounds and experiences as colleagues, clients, and students.
