

SCHOOL OF NURSING

Welcome to Benedictine College School of Nursing! Nursing is an exciting, rewarding, challenging, and flexible profession. Nurses can make a significant impact on the lives of others and can work in a variety of settings. Nursing provides both job security as well as financial security.

The School of Nursing offers an exceptional learning environment for future nurse leaders. The School of Nursing provides a rigorous nursing education within a community of faith and scholarship. Students learn to become ethical, compassionate nurses who provide wholistic and person-centered care. We are a pro-life nursing program with a goal to promote the dignity of each person who is encountered. We hope to prepare future nurse leaders to transform culture.

The faculty at Benedictine College School of Nursing are committed to the success of the nursing students. Small class sizes foster personalized attention in the classroom, laboratory, simulation setting, and clinical setting. Students at Benedictine College gain an understanding of nursing practice but also grow personally and spiritually.
