

GRADUATE PROGRAMS

While Benedictine College has a strong emphasis on undergraduate liberal arts education, the College has developed several graduate programs in accordance with the longstanding tradition of responding to the needs of the times.

All graduate programs are accredited by the Higher Learning Commission. Programs leading to certification in education-related fields meet professional standards and are accredited by the Kansas State Board of Education (KSBE).

School of Business

- **Master of Business Administration (MBA):** The MBA is the generally accepted degree for professional managers of business and nonprofit organizations.

School of Education

- **Master of Arts in School Leadership (MASL):** Through this program, approved by the Kansas State Department of Education, certified teachers may complete a 33-credit-hour M.A. to be eligible for certification for building-level administration.

Graduate School Policies and Procedures

The Graduate Studies Committee, appointed by the Dean of the College, approves all graduate offerings and policies for graduate studies.

Policies and procedures that are the same for graduate students as for undergraduates are listed in the Academic Regulations and Procedures section.

Academic Misconduct

The policy and procedures in effect are the same as for the undergraduate program as stated in the College Catalog, except for graduate Education programs, which follow a different procedure. Refer to the Education section.

Auditing a Course

An auditor has all the privileges of a student taking a course for credit except that he/she does not receive credit for the course. An auditor who decides to receive credit for a course may switch from audit to credit before the completion of the first half of the course if the course instructor gives permission and the auditor pays the additional tuition at the Business Office. A student may switch from credit to audit within the same time period if the student is passing the course at the time the change is requested and the course instructor approves. No refund of tuition will be made.

Full-time Status Definition

Full-time status for a student enrolled in graduate programs is a minimum of six credit hours per semester.

Dual Credit

A maximum of nine hours of graduate credit may be counted towards the completion of an undergraduate degree.

Both the original grade and the repeat grade are recorded on the official transcript. **This policy does not apply to the graduate courses offered through the School of Education.**

A student will be allowed six years to complete the program counting from the first term he or she takes a graduate course.
